

One Health and Social Care - Curriculum Area Information

The Post

We are seeking well-qualified and inspirational teachers to become integral members of our highly successful **Health and Social Care Curriculum Area** at ONE. Involved in the continual development and improvement of schemes of work and resources, successful candidates will be focussed on the learning, achievement, progression and well-being of our students.

Experience in delivering KS5 Health and Social Care courses is essential (at BTEC Level 2 and Level 3).

Teaching Staff

ONE is a dynamic and innovative learning community that combines the best practices in teaching and learning, with an open and enquiring culture. Our teaching staff will:

- have a passion for their subject specialism
- maintain excellent subject knowledge
- enjoy working collaboratively
- be prepared to take initiative and personal responsibility for the growth and development of their subjects
- want to make flexible use of an appropriate range of teaching techniques
- have a passionate commitment to student achievement above National benchmarks
- have a positive attitude towards innovation.

As a centre of educational excellence, which aims to foster independent students and staff, ONE supports staff in their effective professional development.

A job description and person specification are enclosed.

The Health and Social Care Curriculum Area

The Health and Social Care team is currently comprised of seven full and part-time teachers, who all teach more than one course or year group. As such, the flexibility to teach across courses is a valued and welcome addition from new members of the team. Supportive and dynamic, staff share delegated responsibility (where appropriate) for the development of schemes of work and resources, and new colleagues will be expected to make a full contribution to their subject specialism and the Curriculum Area as a whole.

Sitting within a wider Directorate, which also includes Sport, Beauty, Business, Accounting and Economics, from September 2019 the team will be led by Juliette Mansfield (Head of Curriculum), who will report to Phil Page (Director of Curriculum) and Georgina Chittock-Nash (Associate Principal). Well resourced, the Directorate boasts three highly-qualified Curriculum Administrators, who work with students and staff in a wide variety of administrative processes.

With excellent links to industry, new staff will be expected to build relationships with local employers and HEI providers, to support our students' career aspirations. We are particularly proud of the partnerships that we have developed and welcome colleagues who can help enrich this experience for our learners.

Accommodation and Resources

ONE offers students and teachers outstanding accommodation and resources, commissioned to the highest specifications. Considerable thought has been given to provide facilities that allow for specialist, flexible and innovative teaching practices. As well as dedicated teaching rooms, the Directorate has its own base room, where the team work together on a daily basis.

Courses Offered

- Level 2 BTEC Diploma in Health and Social Care
- Level 3 BTEC Extended Diploma in Health and Social Care
- Level 3 BTEC Extended Certificate in Health and Social Care

We would appreciate if you could include your experience of teaching any of the above courses in your application. Further details about ONE and our courses can be found on our website www.suffolkone.ac.uk.

Applications

Applicants are asked to complete the enclosed application form and write a concise supporting letter of application.

Thank you for your interest in this post at ONE. I do hope that you decide to apply; may I thank you in advance for taking the time and trouble to do so.

Phil Page

Director of Curriculum, 2019
